---

Mike Ortiz called me early this morning. We'll make an appointment to meet him for Saturday, Sunday and Monday.

I will get somebody up there. Also, the NMED rad guy asked me about your weekend schedule on changing out the filters at the sampler at the Runnels building (NMED Santa Fe). He needs to schedule staff to meet you to open the building. Please advise.

Sorry about that Warren.

Can someone meet me up at the guard armory in Espanola at 10?

Gregg:

Security at the EOC told me that some of your guys did not turn in their badges before they left. I can send one of my STARTs up to get them in Espanola or if yall are still in SF please bring them by. Please advise.
